

# MOM-1

**Date** - 03.09.23

**Time**- 6pm to 8pm

**Venue**- SAC305

**Host**- Fintech pre final year seniors (10)

**Attendees** - Fintech sophomores

**Purpose**- Introduction To Fintech Club and Divisions

## Pointers-

- History of club (founded in 2007 as E-Cell, renamed Fintech in 2021)
- At least 2 sessions per week
- One case study has to be presented every week.
- All the resources/mom/relevant info will be updated in the github.
- No member is permanent for the initial few months at least
- One who misses 2 consecutive sessions will be debarred from the club.
- There may be weekly quizzes
- One compulsory test in a month-your performance decides your stay in the club!
- Focus on Projects/Competitions.
- Elevate Social Media profile of Club.
- We need to leverage 2 missing culture in our college- Quants and Startup
- We will basically be covering 3 main topics in club- Quants - Finance - Trading
- Product Development consists of- Design,Content,Webd,Video.
- Note- Be an asset for the club, not a liability...you will always be appreciated.
- Must have LinkedIn Profile
- We're the second batch of fintech so we have to contribute to club building as well.
- There are 2 events of Fintech in Conchetto- Bizathon and Trading.
- Everyone is supposed to work in Conchetto'23, will be divided in different teams very soon.
- Bring laptop from next session
- Short Intro was given for Quants, Finance and Trading.
- Few case studies discussed
- Ended with a fun interaction.

## To do-

- Zerodha Module 1 - Intro to Stock Market (full)
- Recruitment Resources Completion (those who haven't yet)
